

PERSONAL ENDORSEMENTS

Mike is an Evangelist and Revivalist. He is passionate about seeing lost people saved and seeking and praying for revival. He moves powerfully and sensitively in the prophetic and has an anointing on his life for healing. I am amazed and inspired how Mike pursues after Christ's presence and have witnessed first hand signs wonders and miracles as a result of the intimate relationship he has with his father.

Rev Simon Woodward

Lifecentral Church Rowley Regis

Mike has a wonderful healing and prophetic ministry, his life's ambition is in pursuing the presence of God. Every time Mike ministers prophetic words of encouragement are released and often physical and inner healing takes place in people as he is praying for them. I have learnt a lot from Mike over the years and I can say the compassion and anointing he carries is because of a genuine touch from God.

Encountering the
Glory of God
in everyday life

PURSUIING HIS PRESENCE

Pursuing His presence is just that really: An evening seeking the face of God, giving time for the Holy Spirit to move amongst us. We believe that it's only the presence of God within our lives which can really make the difference. We have noticed that as time is given over to Him, His presence comes and the Glory of God is released while we encounter Him.

During these meetings Mike will be ministering in the area of the prophetic and releasing the anointing of the Lord into the lives of the individual, expecting bodies to be healed and words of encouragement to be given, with many receiving a fresh infilling of the Holy Spirit.

Each evening is so different as we learn to flow with what the Holy Spirit is seeking to do.

PROPHETIC ACADEMY

Ignite Ministries runs a prophetic academy, which can be fitted into the normal life of the local church or could be held over a long weekend.

Subjects Covered

- What is prophecy
- Prophecy God's DNA
- How to shape a prophetic word
- Hearing God's voice
- Meditation
- Personal activation

One of the main purposes of the academy is to help everyone learn how they can hear from God for themselves.

Prophecy, is really just repeating what we hear or see from the Spirit of God and then repeating it to someone else.

I get really excited as I see individuals step out and share, maybe for the first time, a picture or a word from God for someone they don't really know. And then weeks or months later we hear how God is using that person in the "every day", encouraging one another with the love of God.

ABOUT MIKE

Mike's first encounter with the Holy Spirit was when he came up out of the water of baptism and was baptised into the Holy Spirit and called into the ministry as an evangelist.

Over these past 30+ years of walking with Jesus, Mike has received angelic visitations, been taken into the heavenly courts on a number of occasions and has had a personal encounter with Jesus as the Lord spoke into Mike's life about re-opening the wells for the miraculous within the UK and around the world.

Mike Harris is an ordained Elim Evangelist, International conference speaker and author. He's married to Janice and they have two grownup children, Jessica and Joshua
