RELEASING THE CHURCH INTO THE MIRACULOUS

HEALING ON THE STREETS

A hands on approach
to healing the sick

HEALING EXPLOSION EVENTS

A Healing Explosion Event can be a single service or a few meetings held back to back. Ignite Ministries have found that given the opportunity to hold a minimum of three consecutive evening meetings, the faith level increases within people, a greater hunger for more of His presence is established and miracles seem to flow more easily.

The hearts of those who don't yet know Christ are softened and they are more open to receiving the love of Christ in their own lives.

A healing Explosion event is a time when the Church can open its doors to the wider community, to invite in those who are sick and in need of a touch from God.

As we have seen many different people from all walks of life, respond to the love of Jesus and start on their exciting life getting to know Him

MIRACLE ACADEMY

Subjects Covered

- The God who heals
- What is healing
- The authority of the believer
- How to heal the sick Pt 1&2
- Deliverance
- Why some people are not healed
- The Anointing

The Academy is designed so that it will fit into your normal church structure. Running over one or two weekend or one evening a week for seven weeks.

The following Sunday morning will be the Anointing service and in the evening we will be holding an Healing Explosion event and those who complete the course will then have an opportunity of ministering healing alongside Mike, at the event.

The Academy will enable the everyday believer, (You & Me) to be confident in ministering healing to those we meet.

A HANDS ON APPROACH TO HEALING THE SICK

HEALING ON THE STREETS

What better way to put into practise what you have just learned at the Academy then to take the love and compassion of Jesus out side the four walls of the church and into our local communities.

Where for a couple of hours we will simply ask people if they would like to be free from the pain they are feeling and be healed. We have seen many people touched and healed as we have simply ministered Gods healing power into their lives.
